

H-1B PETITION CHECKLIST FOR SCHOLAR

TRAVEL ADVISORY: ISSO strongly discourages traveling abroad between the time the H-1B petition is submitted and the initial start date (or extension start date) listed on the H-1B petition. Under certain circumstances, traveling on another visa status or a previous H-1B record may jeopardize the approval of H-1B status, and/or require additional travel plans abroad to ensure a valid duration of H-1B status. Please discuss your travel concerns with the ISSO office.

H-1B EXTENSION AND/OR AMENDMENT: It is not necessary to resubmit the other listed support documents that ISSO should already have on file.

ISD SUBMISSION: Log in to ISD, enter or update required data fields and upload a PDF scan containing the below documents.
